DETAILED ACTION

Allowable Subject Matter

1. Claims 1-6, 8-15 are allowed.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest individually or in combination the following:

making reference to an input signal transmitted from an external device to the CPU to place the CPU in the sleep state at a time other than a time when reference is made to the clear signal and the input signal, wherein reference to an output of the clear signal and the input signal, and an output of only the clear signal, are repeated at regular intervals and at a predetermined frequency when the CPU has returned to the normal operation state from the sleep state.

For these reasons claims 1, 3, 5 and 8 are deemed to be allowable over the prior art of record, and claims 2, 4, 6 and 9-15 are allowable by dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
